MELINDA SCHMIDT

Peace Institute '70

Avila's second annual Peace Institute held during the U.N.'s 25th Anniversary, brought to the campus Gerald G. Grant, S.J., Ex. V.P. of the Chicago region of the World Federalists, U.S.A., an organization promoting world peace through world order. He spoke to students and guests at two sessions, Oct. 22 and the K.C. Chapter of W.F.'s at the Unitarian Church. Rev. Grant, who has spent a lifetime studying world problems states, "The only answer to a solution of world problems lies in the inauguration of world law; we can either aid in the development of world government or stand by to see it brought about by others."

Melinda Schmidt, Avila senior, represented area colleges at the Mayor's U.N. Anniversary Dinner and delivered a joint statement prepared by the college and university students in the K.C. Metropolitan Area. A 21-year-old history major from Jefferson City, Melinda called for worldwide approaches to problems from over-population and pollution. The statement included the suggestion that the Peoples' Republic of China should be seated on the Security Council and urged the creation of a successful arms limitation program.

The week's activities closed with Sister Olive Louise being presented with a U.N. flag to fly over the Avila Campus. Mrs. E. Grey Dimand made the presentation on behalf of the Mayor's Council and the K.C. World Federalists. Avila College was recognized for its promotion of courses in peace and world order.
